The Board of Trustees acts as the school district's policy-making body and is the official representative of the people for all public education in Brittan ESD. The Board functions according to state and federal laws, the rules and regulations established by the California State Board of Education, the Sutter County Board of Education and the will of the people as expressed in district elections.

The five-member board, while composed of individuals, acts officially only as a group. No member or group of members acts in the name of the Board unless authorized by the Board. A majority of the Board constitutes a quorum for the transaction of business. Individual trustees, serving without pay, are elected for four-year terms.

The Board of Trustees holds regular board meetings the second Tuesday of every month beginning at 7:00 p.m. The public is encouraged to attend.
