

BRITTAN SCHOOL DISTRICT

Board Policy 3580 - District Records

The Governing Board recognizes the importance of securing and retaining district documents. The Superintendent or designee shall ensure that district records are developed, maintained, and disposed of in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall consult with district legal counsel, site administrators, district information technology staff, personnel department staff, and others as necessary to develop a secure document management system that provides for the storage, retrieval, archiving, and destruction of district documents, including electronically stored information such as email. This document management system shall be designed to comply with state and federal laws regarding security of records, record retention and destruction, response to "litigation hold" discovery requests, and the recovery of records in the event of a disaster or emergency.

The Superintendent or designee shall ensure the confidentiality of records as required by law and shall establish regulations to safeguard data against damage, loss, or theft.

The Superintendent or designee shall ensure that employees receive information about the district's document management system, including retention and confidentiality requirements and an employee's obligations in the event of a litigation hold established on the advice of legal counsel.

Safe at Home Program

District public records shall not include the actual addresses of students, parents/guardians, or employees when a substitute address is designated by the Secretary of State pursuant to the Safe at Home program. (Government Code 6206, 6207)

When a substitute address card is provided pursuant to this program, the confidential, actual address may be used only to establish district residency requirements for enrollment and for school emergency purposes.
