The Governing Board believes that all students have the right to be educated in a positive learning environment free from disruptions. Students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program while on school grounds, while going to or coming from school, while at school activities, and while on district transportation.

The Superintendent or designee shall ensure that each school site develops standards of conduct and discipline consistent with district policies and administrative regulations. Students and parents/guardians shall be notified of district and school rules related to conduct.

Prohibited student conduct includes, but is not limited to:

4. Damage to or theft of property belonging to students, staff, or the district
5. Possession or use of a laser pointer, unless used for a valid instructional or other school-related purpose, including employment

6. Use of profane, vulgar, or abusive language
7. Plagiarism or dishonesty on school work or tests
8. Inappropriate attire
9. Tardiness or unexcused absence from school

#### 11. Possession, use, or being under the influence of tobacco, alcohol, or other prohibited drugs

Employees are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or receive a report of a violation of these standards, to immediately intervene or call for assistance. If an employee believes a matter has not been resolved, he/she shall refer the matter to his/her supervisor or administrator for further investigation.

Students who violate district or school rules and regulations may be subject to discipline including, but not limited to, suspension, expulsion, transfer to alternative programs, or denial of the privilege of participation in extracurricular or cocurricular activities in accordance with Board policy and administrative regulation. The Superintendent or designee shall notify local law enforcement as appropriate.

Students also may be subject to discipline, in accordance with law, Board policy, or administrative regulation, for any off-campus conduct during nonschool hours which poses a threat or danger to the safety of students, staff, or district property, or substantially disrupts school activities.

#### Possession/Use of Cellular Phones and Other Mobile Communications Devices

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student's health and the use of which is limited to health-related purposes.

If a disruption occurs or a student uses any mobile communications device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If the school employee finds it necessary to confiscate the device, it shall be turned in to the administration. The device will then be returned to the student in accordance with student handbook rules.

In accordance with BP/AR 5145.12 - Search and Seizure, a school official may search a student's mobile communications device, including, but not limited to, reviewing messages or viewing pictures.

#### Bullying/Cyberbullying

The Board desires to prevent bullying by establishing a positive, collaborative school climate and clear rules for student conduct.

The district may provide students with instruction, in the classroom or other educational settings, that promotes communication, social skills, and assertiveness skills and educates students about appropriate online behavior and strategies to prevent and respond to bullying

and cyberbullying.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. Parents/guardians, students, and community members also may be provided with similar information.

Students may submit a verbal or written complaint of conduct they consider to be bullying to a teacher or administrator. Complaints of bullying shall be investigated and resolved in accordance with site-level grievance procedures specified in AR 5145.7 - Sexual Harassment.

When a student is suspected of or reported to be using electronic or digital communications to engage in cyberbullying against other students or staff, or to threaten district property, the investigation shall include documentation of the activity, identification of the source, and specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

Students shall be encouraged to save and print any messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

Any student who engages in cyberbullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline in accordance with district policies and regulations. If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.
